

STOP LEAVING MONEY AT THE BORDER

Recover up to 99% of duties, taxes, and fees you've already paid.

Every year, millions of dollars in potential refunds go unclaimed because companies don't take advantage of the U.S. Duty Drawback Program. Beyond Clearance ensures you're not one of them.

What is Duty Drawback?

A U.S. Customs and Border Protection (CBP) program that refunds duties, taxes, and fees on eligible imports when goods are: - **Re-exported** - **Destroyed under CBP supervision** - **Used in manufacturing for export**

Three Types of Refunds

Manufacturing Drawback

Imported materials used in exported manufactured articles.

Unused Merchandise Drawback

Goods exported or destroyed without being used in the U.S.

Rejected Merchandise Drawback

Defective, non-conforming, or unauthorized goods.

Eligibility at a Glance

- Duties/taxes/fees must have been paid.
- Export or destruction within 5 years.
- Proof of export/destruction required.
- Claimant must be importer, exporter, or manufacturer with rights to claim.

The Risks of Ignoring Drawback

Lost Profitability

Paying more than necessary on landed costs.

Compliance Gaps

Incomplete documentation invites CBP audits and denials.

Missed Opportunities

Competitors are recovering millions while you leave money behind.
